

we recycle

State law requires apartment residents to recycle

We want to make sure our apartment community contributes to a healthy and clean environment. The best way to do this is to recycle materials that would otherwise end up in a landfill.

Our community must comply with a law in California that applies to apartments with 5 units or more. The law requires apartment residents to separate recyclable materials from garbage.

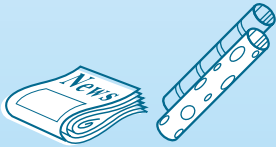

Your participation will help us comply with the law and help preserve our environment for future generations.

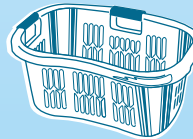

What to recycle

Paper (dry & unsoiled)

Glass bottles & jars

Plastic containers, rigid plastic items & plastic bags
(stuff clean plastic bags into a clear bag & knot the top)

Cartons, boxes & containers
(broth, juice & soy milk)

Cans, foil, aerosol cans
(empty & without pressure)

No trash
or yard debris

Caps on!
Leave screw-top lids on empty plastic, glass and metal containers

thank you!
